Baby Finally Big Enough to Go  
Home*,” CBS News 8 San Diego

\* with Veverka Architects

\*\* with HGA Architects & Engineers

\*\*\* in partnership with UX bootcamp

### Experience

#### Consulting UX Designer, Key Conservation\*\*\* - 2020

- Collaborated with founder, dev. team, & design partner to radically ease a tedious vetting & onboarding process for non-profit organizations.
- Presented a “first release” design & suggestions for future releases to make the feature-heavy app feasible for initial low membership, recruitment, & growth.

#### Consulting UX Designer, SpeakOut\*\*\* - 2019

- Designed a responsive web app for an English language school serving low-income families in Bahrain. Features included registration, placement, & student portal to increase attendance & manage administrative information.
- Coordinated with founder & design team for a 2-week design turnaround.

#### Senior Project Manager / Project Architect, NELSON Worldwide - 2014-2019 (formerly WK design group)

- Led & designed building & interior design for commercial workplaces, including start-ups, game design studios, & corporate offices.
- Reviewed outbound deliverables for all office projects intended for jurisdiction approval & engineer hand-off -- focusing on buildability, legibility, graphic standards, completeness, & building code compliance.

#### Architect / Medical Planner (Associate), HGA Architects & Engineers - 2008-2014

- Created planning, scoping, & feasibility reports for healthcare projects.
- Planned, designed, & collaborated on campus master plans, 20-year plans for phased growth, senior living multi-use city blocks, hospitals, medical office buildings, clinics, & residential rehabilitation facilities.
- Managed staffing projections for SF office, worked with staffing coordinators to balance needs among office locations nationwide.

#### Independent Design Consultant - 2007-2008

Partnered with various firms to assist with laboratory, manufacturing, corporate office, and custom single-family home projects.

#### Project Designer (Associate), Veverka Architects - 2000-2007

- Advocated for clients throughout construction and move-in.
- Designed and detailed custom single family homes, multi-unit condos, and small commercial remodels under apprenticeship to the principal architect.

#### Designer, Anderson-Brule Architects - 1999-2000

- Developed presentations for and participated in running end-user research, focus groups, community workshops.
- Surveyed and documented existing conditions, space requirements, challenges.
- Generated “pre-design” materials (site analyses, growth projections, adjacency & stacking diagrams) for community centers, public libraries, and offices.
